1. PROJECT OVERVIEW

CloudMinds Pvt. Ltd. ('Vendor') shall provide cloud migration services to NovaTech Solutions Inc. ('Client') for the migration of Client's on-premise ERP and data warehousing systems to Amazon Web Services (AWS). This SOW covers Phase 1: Assessment, Architecture Design, and Pilot Migration.

2. SCOPE OF WORK

2.1 Cloud Readiness Assessment: Vendor shall conduct a comprehensive assessment of Client's existing infrastructure (approximately 120 servers, 3 data centers) and produce a detailed Cloud Readiness Report.

2.2 Architecture Design: Vendor shall design a target-state AWS architecture including VPC configuration, IAM policies, security groups, auto-scaling groups, and RDS configurations. Deliverable: Architecture Design Document (ADD).

2.3 Pilot Migration: Vendor shall migrate 15 non-production workloads to AWS as a proof-of-concept. Includes data migration, application re-platforming, and cutover planning.

2.4 Documentation & Training: Vendor shall provide runbooks, architecture diagrams, and conduct 2-day knowledge transfer training for Client's IT team.
